Who are we?

Our mission is to enhance the lives of children, adolescents, and adults in order for them to achieve their fullest potential. GIFTS provides easily accessible services to those who experience mental health concerns.

Our Services:

Therapy: Individual, Couples, Family, and School-Based
Evaluations: Psychological, Psychoeducational, Bariatric, and Gender Confirmation
Medication Management: Concurrent with GIFTS Therapy Only

**Services are rendered via telehealth and at our two office locations in Owings Mills and Towson, MD. All school-based therapy is conducted with our respective schools in Baltimore County.

Supervision:

Supervisions will be held weekly in the form of group and individual supervision on Fridays at 12:30pm by our licensed Psychologist, Dr. Akitunde Morakinyo. Additional support can always be requested at any time. Students will be supplied with cell phone numbers for Dr. Morakinyo and the Clinical Director.

Internship Program:

Gifts values our interns and aims to provide quality support and training. Interns will have the opportunity to learn and practice clinical skills with diverse populations. During the Internship program, students can expect to learn how to administer pre and post-screeners. Students will also learn how to conduct an intake, improve clinical therapeutic skills, conceptualize cases, write notes and treatment plans, and gain administrative skills that come with working at an outpatient clinical site.

Our therapy and assessment internship program affords the opportunity for students to not only learn clinical skills, but also how to administer, score, and write a variety of reports for psychological and psychoeducational assessment.

Application process:

Please submit, via email, a cover letter with stated interest, current CV, and if available outline/ hour requirements by your program to akintunde.morakinyo@gmail.com and dgrimmel.giftspsych@gmail.com. Applications are welcome at any time and upon acceptance a minimum of a two semester commitment is necessary.
