Introduction

4

STALKING IS:

- CRIMINAL**
- TRAUMATIC**
- DANGEROUS**

5

CRIMINAL

- FEDERAL LEVEL
- ALL 50 STATES, D.C., & U.S. TERRITORIES
- TRIBAL CODES
- UNIFORM CODE OF MILITARY JUSTICE

6

TRAUMATIC

Many stalking victims:

- * **Experience mental health issues.**
- * **Lose time from work.**
1 in 8 employed stalking victims lose time from work.
- * **Relocate.** 1 in 7 stalking victims move.

Blaauw, E., Arensman, E., Winkel, F.W., Freeve, A., & Sheridan, L. (2002). The Toll of Stalking. *Journal of Interpersonal Violence* 17(1): 50-63.

7

“

“It’s not easy to describe the fear you have when you see the stalker, or signs of the stalker, everywhere you go. I have given up all hopes of ever having a safe life.

For the rest of my life, I will be looking over my shoulder, expecting to see him there.”

SPARC

8

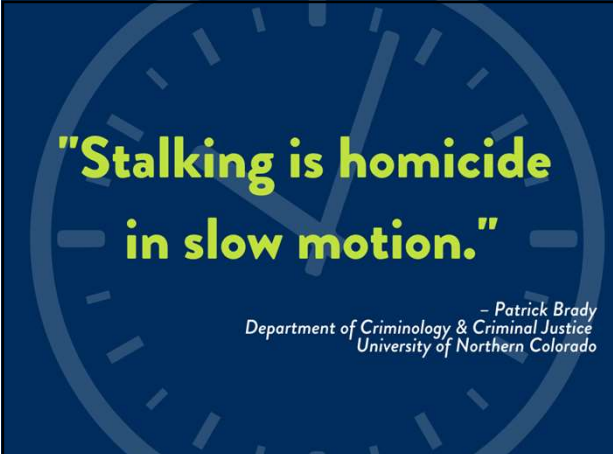

DANGEROUS

- * **Stalking often co-occurs with physical assault and sexual violence, including rape.**
- * **20% of stalkers use weapons to threaten or harm victims.**
- * **76% of intimate partner femicides included stalking in the year prior.**

Reporting Stalking

- 28% of stalking victims report to law enforcement
- 16% of stalking victims seek victim services
- Fewer than 29% of student stalking victims seek services on campus
 - One study showed less than 8% disclosed to a formal support

Domestic Violence Crimes Study

- * 1785 cases of domestic violence
- * 298 involve stalking (1 in 6)

13

14

Accessing Victim Services

About 16% of all stalking victims sought victim services.

Nearly 1 in 4 victims who sought victim services did not receive any.

15

Understanding Stalking

16

Defining Stalking

- BEHAVIORAL**
- LEGAL/STATUTORY**
- POLICY**

17

Discuss: Is this stalking?

1. A student peeks into the women's locker room to watch the women undress.
2. An ex-partner repeatedly spreads vicious rumors about their former partner on social media.
3. A supervisor regularly asks her employee personal questions, mocks him in meetings, sends e-mails at odd hours and is verbally abusive when he doesn't respond right away.

18

A pattern of behavior directed at a specific person that would cause a reasonable person to feel **FEAR** for the person's safety or the safety of others; or suffer substantial emotional distress.

SPARC

19

A pattern of behavior...

- * Not a single incident or "one off" event
- * Called a "course of conduct" in most statutes

20

...directed at a specific person...

...that would cause a reasonable person to feel **FEAR** for their safety or the safety of others; or suffer substantial emotional distress.

SPARC

22

23

CONTEXT IS CRITICAL
in stalking cases.

24

25

Context

- * Something may be frightening to the victim but not to you
- * Stalking behaviors often have specific meanings
- * Stalking criminalizes otherwise non-criminal behavior

26

27

Victim Reaction: Is it Fear?

 A woman with long dark hair, wearing a dark sleeveless top, is sitting at a desk. She has her hand to her chin and is looking directly at the camera with a thoughtful or concerned expression.

Screening for Stalking

Has the Offender...

- been tracking, following, or monitoring Victim in any way? 
- repeatedly invaded Victim's life/privacy by initiating unwanted contact with Victim? 
- significantly and directly interfered with Victim's life?
 - >physically/sexually assaulted Victim during course of conduct?
 - >forcibly kept Victim from leaving, held against will, caused serious accident, assaulted others, or seriously attacked Victim? 
- more than one time, intimidated or scared Victim through threats, property damage, threatening or actual harming of pets, or other means? 

Logan, T.K. & Walker, R. (2017). Stalking: A Multidimensional Framework for Assessment and Safety Planning, Trauma, Violence and Abuse 18(2), 200-222.

47

Screening for Stalking

If YES to any of the previous, during the actions mentioned above...

- Did these actions make Victim afraid or concerned for safety or safety of children, family, and/or coworkers?
- Did Victim make significant life changes for safety reason because of these actions? (change day-to-day routines, spend money on home safety, took time off work?)
- Did these actions make Victim afraid or concerned about significant financial or social impact? (Loss of job, loss of housing, financial harm?)

NOT AT ALL? SOMEWHAT? EXTREMELY?

SLII Checklist for LE: StalkingAwareness.org

LAW ENFORCEMENT TIPS: SLII BEHAVIORS

Stalking includes a wide range of threatening and disturbing behaviors that can be classified into four categories: Surveillance, Life Invasion, Harassment, and Interference through sabotage or attack (SUO). These categories overlap and build on each other.

Victims of stalking rarely identify their victimization as stalking, and are unlikely to use the word 'stalking' to describe what they're experiencing. Research and practice show that officers should ask specific questions about stalking behaviors instead of simply asking if someone has been stalked/harassed.

SURVEILLANCE

ASK: Did the suspect ever track, follow, or monitor the victim in any way? (in person or using technology?)

Surveillance behaviors include:

- Watching them from a distance
- Waiting for them outside their office, gym, classroom, or another location
- Showing up unexpectedly
- Using tracking software on the victim's devices
- Obtaining information about the victim's vehicle or from others
- Going through the victim's mail or trash
- Placing tracking devices in the victim's vehicle or home
- And more

This can be done:

- In person
- With smart home devices
- With tracking software or GPS devices
- With cameras or video/audio recording devices
- By monitoring public entity accounts
- By accessing the victim's accounts
- By researching the victim online
- By asking others for information about the victim
- In other ways

LIFE INVASION

ASK: Has the suspect repeatedly invaded the victim's life and/or privacy by including unwanted contact?

Life Invasion behaviors include:

- Repeated unwanted contact (phone calls, texts, messages, emails)
- Sending or leaving unwanted gifts, objects, items
- Harassing contact through third parties
- Hacking into their online accounts
- Harassing friends or family
- Sending photos of themselves or of the victim in places they frequent
- Breaking into the victim's car or home when they are not around
- Showing up uninvited

This can be done:

- In person
- Online
- By researching the victim
- By hacking victim accounts
- By spoofing (spoofing) numbers, calling or messaging and harassing them, hanging up calls from random numbers, calling ID (shows it is a friend or the victim, but it is actually the suspect)
- In other ways

55

56

On average, intimate partner stalkers pose the greatest threats to their victims.

WHY?

57

Relationships, Violence, & Threats

%	Intimate	Acquaintance	Private Stranger	Public Figure
Presence of Threats	83	66	50	18
Presence of Violence	74	50	36	2

58

- Intimate partner stalkers are more likely to:**
- physically approach the victim
 - be interfering, insulting, and threatening
 - use weapons
 - escalate behaviors quickly
 - re-offend

Study of Women with Protective Orders

Women who were **abused and stalked** experienced **significantly higher rates** of the following than women who were abused but not stalked:

- * Verbal abuse, degradation, jealousy and control
- * Serious threats
- * Moderate and severe physical violence
- * Sexual violence and sexual assault
- * Threats to kill and threats with a weapon
- * Being beat up, attacks with a weapon and injury

- Stalker attempts to get someone else to assault the victim.
- Stalker sexually assaults the victim.
- Stalker contacts victim after sexual assault.

64

Some offenders use **stalking strategies to groom for sexual violence.**

65

How Offenders Groom for Sexual Violence

1. Research and identify vulnerable victims
2. Establish relationships: contact, build trust
3. Meet in-person and isolate the victim
4. Coerce into sexual act(s)
5. Contact after

Dating App Facilitated Sexual Assault (DAppSAs)

- 14% of the 1,968 rapes committed by acquaintances occurred during an initial meetup arranged through a dating app
- High percentage of victims with self-reported mental illness (59.6%)
- More violent SAs than acquaintance SAs
 - Increased strangulation (32.4%); assaultive/penetrative acts; and victim injuries, especially anogenital and breast injuries

"Due to the increased violent nature of DAppSAs, the researchers propose that sexual predators use dating apps as hunting grounds for vulnerable victims."

STALKING

FANTASY	REALITY
<p>The stalker is an attractive stranger, charming chance encounter, or desirable "secret admirer."</p>	<p>The stalker is usually known to the victim, most often an acquaintance or intimate partner (current or former).</p>
<p>The stalker has only good and pure intentions, usually romantic.</p>	<p>Stalkers have different motivations, but often intend to scare their victims and/or do not stop when the victim is scared.</p>
<p>The stalker's actions range from sexy to flattering to harmless. At worst, they're awkward or misguided.</p>	<p>Stalking behaviors are interfering, invasive, disturbing, and violent. Stalking can escalate quickly and often occurs with or predicts serious violence, including homicide.</p>
<p>The stalker's target should feel grateful, amused, flattered and/or affectionate towards the stalker. It's nice to get this attention and feel special.</p>	<p>Most stalking victims feel extreme fear and emotional distress. Many significantly change their daily lives and even relocate to try to get away from the stalker.</p>

74

Responding to Victims

75

First Response

Any time a victim reports any kind of harassing behavior:

- Consider the possibility of a stalking case
- Determine whether this is an isolated incident or repeated conduct

76

Victim Contact

- FIRST CONTACT IS CRITICAL!**
You may determine how or if the victim continues to work with law enforcement
- HAVE RESOURCES ON HAND**
Palm cards, local victim assistance resources
- PRESERVE EVIDENCE RIGHT NOW**
For example, take photos of text messages
- PREPARE FOR THE LONG HAUL**
Your efforts now help the victim and your fellow officers down the road

77

CONSIDER MANDATORY REPORTING REQUIREMENTS

78

Advise Disengagement

Recommend no contact with the stalker

- Explain intermittent reinforcement

BUT realize victims engage in behaviors to keep themselves safe.

- Maintain contact, negotiation, minimizing threat
- Contact may be a safety strategy

79

Student Accommodations

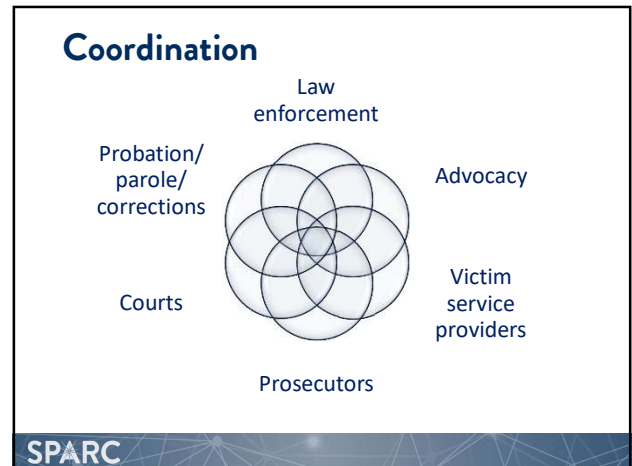

- Housing
- Class Schedule
- Bus/Transportation
- Lunch Period/ Dining Hall
- Extra-curriculars
