Sexual assault is defined as any sexual act directed against another person, without consent of the complainant, including instances where the complainant is incapable of giving consent. Sexual assault includes penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the complainant. This definition includes any gender of the complainant or respondent.

1. Alcohol Policy

Loyola University Maryland fully supports and requires compliance with Maryland's alcoholic beverage laws. These laws include prohibitions on the possession or consumption of alcohol by persons under age 21; furnishing alcohol to or obtaining alcohol for a person under age 21; and misrepresenting one's age in order to obtain alcohol. Only those students who are 21 years of age and older are permitted to have alcohol in their residence unit. Guests who are 21 years of age and older may not bring alcohol to a unit where at least one person is under the age of 21. Students 21 years of age or older may possess and consume alcohol in the privacy of their unit in single-serving containers only. All students and guests are expected not to abuse alcohol, but rather to drink responsibly or abstain. This section includes policies applicable to students 21 years of age or older.

b. Unauthorized possession or consumption of alcoholic beverages. "Possession" means having an alcoholic beverage under one's charge or control. Students under age 21 may not possess or consume alcoholic beverages at any time. Students age 21 or older generally may not possess or consume alcoholic beverages in the presence of persons under age 21; however, they may consume or possess alcoholic beverages in the presence of their roommates in their own residence unit.

Explanation of Incident: (Attach additional pages, if needed)

It is alleged that the following incident(s) occurred:

Victoria had been hanging out in Peter's room with other friends in Bowman Hall on Friday, December 12. Victoria consumed a lot of alcoholic beverages, and she was really "out of it." As other people began to leave the room, Peter asked Victoria to stay as he wanted her advice on his girlfriend situation. She vaguely remembers that Peter was kissing her and that she tried to push him away. Then she remembers that he was on top of her and sexually assaulted her. She does not remember how she returned to her residence hall room.
